## PRESS RELEASE

### **Trent Zimmerman Federal Member for North Sydney Goes Missing on Debate**

TNL does not believe politics is a four-week period that happens every three years.

With an election imminent, we are calling for a public debate with Trent Zimmerman on the national issues impacting on the North Sydney electorate, in particular climate change, corruption and economic management.

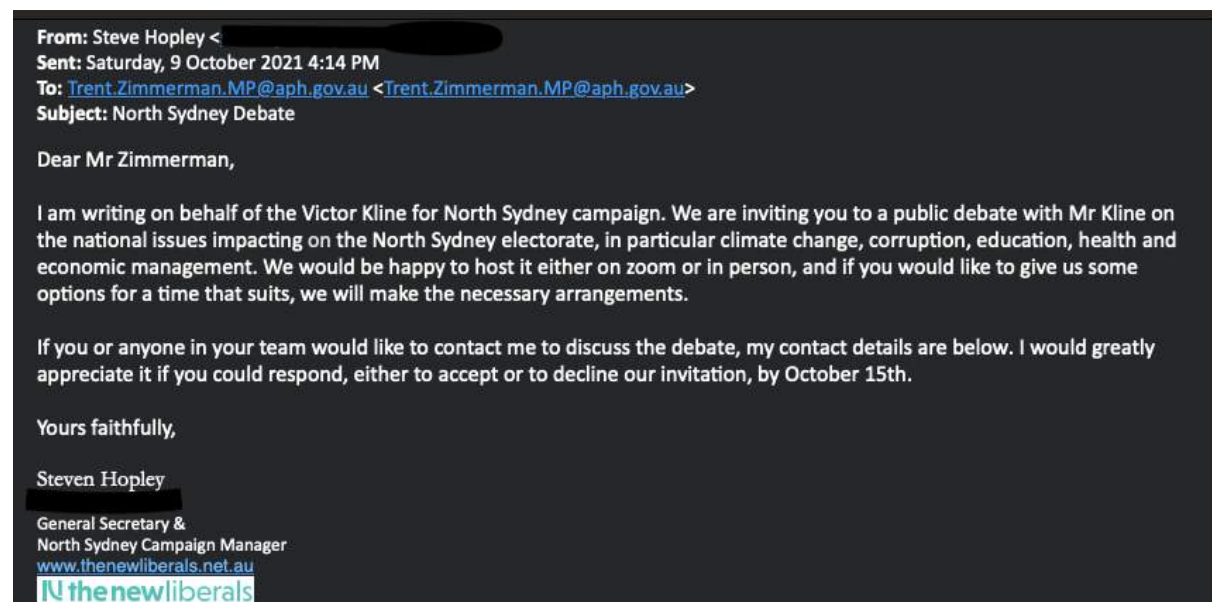

“Trent can’t just expect to draw a public salary, put his hand up in parliament when told to and never be called to account” says Victor Kline, TNL’s Candidate for North Sydney.

We believe it's important to give the electorate a chance to compare the policies of the two candidates with the greatest chance of winning the seat, and in so doing give the country

the chance to compare the policies of these two parties: The New Liberals vs the Old Liberals.

“ Trent has been the member for North Sydney for 6 years and nothing has changed with pollution, corruption, education, health care and the 3.2 million people living below the poverty line. Trent’s answers as to why are long overdue.”

We invited Trent Zimmerman to a debate ten days ago and we are yet to hear.

You can find an a-z list of our policies here: <https://www.thenewliberals.net.au/policies/>
